# Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. PAY-MENT TO BE MADE UPON RECEIPT OF MERCHANDISE. Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. PLEASE BID BY THE LOT. Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. LOTS CANNOT BE BROKEN. Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

#### NOTICE TO NEW BIDDERS

#### Our Mail Auction Sales Are Conducted in the Following

- 1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. SEND BIDS AIRMAIL—IT PAYS.
- 2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.
- 3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help brevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

#### IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, branch mints 1892-1934 unc., currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. The estimated prices are entered only a ter careful examination of the results obtained in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.) in the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even the auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

# YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.

#### BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains

Sincerely,

A. M. KAGIN and PAUL KAGIN.

### YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over two hundred successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

#### SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet.** After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

#### LARGE CENTS

One of the most underpriced of all U.S. series. While other series have risen in recent years, large cents had only minor upward adjustments. We believe these long overdue adjustments upwards in value will take place in the next year or two.

Somewhat undervalued in keeping with their increased popularity. The mint figures are misleading as the great majority were melted down both in the U.S. and abroad. Definitely a series with a bright future, investment-wise.

#### TWENTY CENT PIECES

The shortest-lived of all U.S. series. Only 1875 and 1876 struck for general circulation and 1877, 1878 struck for collectors. The idea was to substitute a truly decimal coin (20c) instead of the 25c piece which was a survival from the early days (two-bits). Even tho the coin was slightly smaller than the 25c and had a plain edge instead of a reeded edge, it caused a great deal of confusion with the 25c. The 1875-S was actually the only 20c to receive great circulation; the 1875-P-CC, 76 were only circulated in very limited quantities.

#### EARLY HALF DOLLARS

We have been checking prices on these early halves back for two years and were amazed at the percentage increase in values during that time. Demand seems to be increasing and everything points to a very substantial increase in values during the next year or two.

#### SMALL SIZE FEDERAL RESERVE NOTES

Undoubtedly, more "sleepers" exist in this series of notes than in any other series. WE DO NOT KNOW OF A SINGLE COMPLETE SET IN EXISTENCE. Due to their unpopularity until a year or two ago, very few were laid away. Prices today are ridiculously low in keeping with their true rarity. Now that collectors are starting to complete their sets, prices have started to advance. WE UNHESITATINGLY RECOMMEND THIS SERIES AS AN EXCELLENT INVESTMENT OVER THE NEXT FIVE YEARS OR SO. TYPE I has "Redeemable In Gold, etc."

#### SMALL SIZE FEDERAL RESERVE NOTES (Continued)

and Number In Circle at left. TYPE II has Letter in Circle instead of number. TYPE III (1934) "Legal Tender, etc.". TYPE IV (1950) smaller seal, circle, letter, etc.

### HALF EAGLES (\$5 GOLD)

Gold coins seem to be somewhat undervalued in comparison with silver and minor. This situation cannot continue indefinitely and must right itself in the not too distant future. We believe it is now an ideal time to start collecting gold coins. The \$3 and \$1 have already shown substantial rises in value the past two years and it now appears that  $2\frac{1}{2}$  and \$5 will follow.

#### CURRENCY—SILVER CERTIFICATES

The demand seems insatiable with dealers' stocks only containing a few of the commoner notes (with possibly 2 or 3 exceptions). New records continue to be set nearly every time offered. Just compare the first and second edition of Friedberg's book and note how many have doubled and tripled in value.
